## Step 2 - Select Screen Size, Framed or Mesh Only and Quantity

### Artwork size

- Mesh Only Screen Sizes(mm): A4=320x350, A3=320x500 and MAX=320x900
- Mesh is 320mm wide, maximum image width is 297mm allowing attachment to frame
- Allow 10mm around the side of your design for ink run off & 25mm top/ bottom for squeegee start/ finish position. The Max. Artwork Size listed below includes the minimum allowance for each frame size. Measure design to ensure it is within the artwork limit for the frame size selected.
- For 'off contact' printing remember to leave space around your design for screen travel. Your design should only be 1/3 the total screen size i.e. A5 design on A4 frame, A4 design on A3, etc.

**GOCCOPRO Digital Imaging**

- Superior 600dpi imaging quality
- No pinholes
- No films/ preps, chemicals or emulsions
- Environmentally friendly

**Step 3 - Artwork**

Unlike some design companies or screen printers who charge an additional \$30-\$40 for 'artwork costs', NEHOC don't, as **we image the screen directly from the artwork file you provide us.**

- ① Your artwork **MUST** be a digital graphic or text file, no Office/ Word/ Excel or document files.
- ② File format can be Acrobat .PDF (preferred), Photoshop .psd, .tiff or jpeg.
  - Design should be black and white (no colour), remembering all grey tones will image as a shade of grey.
  - Minimum resolution should be 300dpi. Maximum available is 600dpi.
  - Do not zip, compress or downsize the file - if it's over 4Mb, use a USB stick to preserve quality.
  - Photo's not recommended. Standard dot screen is applied @ 38lpi / 37 degrees.
  - Custom dot screens may be applied on request from 38-200lpi and 0-90 degrees
- ③ Check the design is to size and it's B/W as we simply open and print your design without changes.

**Posting files:** Place on CD-ROM or USB stick (will be returned with screens)

**E-mailing files:** Complete this form, scan and send (with artwork file) to info@nehocdirect.com - in the subject line put 'NEHOC Easy Screens'.

**Step 4 - Squeegee's, Accessories & Inks**

**Long Life Professional Squeegees**

- Trade quality
- Use with all ink types

**Accessories**

- Stop movement and blurring
- Print off contact
- Single colour registrations

**Fabric Inks and Additives**

- Trade quality waterbased Aquatex inks
- All colours inter mixable
- Heat setting required after printing
